

INSULATION REMOVAL

Versa-Vac... Versatile, Portable, Gas Powered Vacuum

Make short work of messy, time-consuming insulation removal jobs with the Meyer Versa-Vac. The Versa-Vac is designed for fast, profitable removal of blown-in insulation as well as fire, water and smoke damaged insulation from attics, sidewalls and crawl spaces.

Versa-Vac^{OS} will provide exceptional suction for spray foam waste cleanup applications. Waste material can be discharged directly into 75 cu. ft. disposable collection bags or directly into a Dumpster[®] receptacle. In most cases, you can recover your investment after just a few jobs.
